Call & Fly provides air taxi services, private aircrafts and helicopter flights on demand across Poland and Europe.

Benefits of choosing Call&Fly aircrafts and helicopters:

- Fleet of 25 types of aircrafts and helicopters ready for departure.
- 85 airports available in Poland + several hundreds in Europe.
- Availability 24/7, offer in 15 minutes, takeoff in 2 hours.
- Arrivals at city center airports, always closest to your destination.
- Date and time of the flight set individually according to your needs.
- Check-in via VIP terminals and Fast Tracks, no queues, no waiting.
- Time from arrival at the airport to takeoff not longer than 15 min.
- Transfers from terminal to aircraft/heli always with a limousine.
- Luggage within reach, less limitations and content restrictions.
- Catering as you like it, daily newspaper in your language.

HOW TO ORDER YOUR FLIGHT?

01

Contact us at our 24/7 hotline: **+48 500 803 800** or through **booking@callandfly.eu** and tell us where you need to go! We'll send you our proposition in 15 min. and we'll be ready for departure within 2h.

02

At the airport our Captain will meet you in the VIP terminal to make sure your security check is quick and comfortable. From this moment we need less than 15 min. to be airborne.

03

When aboard please feel like at home! Your seat is anywhere you feel comfortable, catering is as you like it, press is in your language and our flight crew is always happy to assist you during the whole flight.

04

We always choose for landing airports closest to your destination, so you save time both in flight and on the ground

MAP OF POLISH AIRPORTS

AIRPORT CATEGORIES

- Civil (general aviation aircrafts)
- International (all types of aircrafts)

Landing on the selected airport is subject to weather, runway length, surface conditions, number of passengers and aircraft performance.
